THEATREMAD TICKETS SCHEME

The best seats in the house are YOURS!

The TheatreMAD Tickets Scheme is very proud to work closely with many theatres and producers to allow limited access to production and house seats for many West End shows.

How does it work?

When you contact us requesting help to obtain tickets for a show or performance, you agree to pay the full face value of the ticket(s) to the theatre, and *in addition* you pay the equivalent full face value of the ticket(s) to The Make A Difference Trust as a donation for our help in obtaining the tickets, and helping to 'make a difference' by supporting our charitable work.

We don't hold a regular allocation of tickets, but rather we request them from the producers or theatres on an individual basis.

Every show works slightly differently and seat locations will vary by show depending on what the producer or theatre have determined are the best seats. If you have specific seating needs or concerns, please be sure to let us know.

How do you order?

If you are looking for tickets, please call the office on **+44 (0)203 583 5758** or email theatremadtkts@madtrust.org.uk with the following information:
